

Species: *Taxus x media*

(taks'us mee'dee-ah)

Anglo Japanese Yew

Cultivar Information

There are many cultivars available for this hybrid. Most exhibit improved hardiness to either species.

* See specific cultivar notes on next page.

Ornamental Characteristics

Size:

Height: variable (2' - 20')

Leaves: Evergreen

Shape: large shrub or small tree; broad-pyramidal; spreading

Ornamental Other: shade or sun

Environmental Characteristics

Light:

Hardy To Zone: Any

Soil Ph: Any

Environmental Other: evergreen; may be sheared

Insect Disease

many: needle blight, twig blight, phytophthora root rot, fungus, weevils, mealybugs, scales, ants, termites, nematodes, and more. SEVERE DEER BROWSE

Bare Root Transplanting

Any

Other

hybrid of *T. cuspidata* x *T. baccata*; transplant containerized or B & B

Cultivars for *Taxus x media*

Showing **1-10** of **10** items.

Cultivar Name	Notes
Brownii	'Brownii' - dense, rounded form; grows to 6'-9' tall and 12' wide; dark green foliage
Densiformis	'Densiformis' - popular; twice as wide as tall; bright green needles, bronzing slightly in winter; grows to 4' tall and 8' wide
Hatfieldii	'Hatfieldii' - dense, broad, pyramidal form; grow to to 30' tall x 20' wide
Hicksii	'Hicksii' - upright-columnar form; glossy, dark needles; grows to 20' tall and 12' wide; a good substitute for the popular Irish yew (<i>Taxus baccata</i> 'Fastigiata'), which is not well-suited to colder climates
Wardii	'Wardii' - low, wide, spreading form; grows to 6' tall and 20' wide; dark green foliage; slow-growing
Bean Pole	'Bean Pole' - columnar form; grows to 8' tall and only 8" wide after many years
Chadwickii	'Chadwickii' - low, spreading form; glossy green leaves tolerate winter well; grows to 4' tall x 6' wide
Sentinalis	'Sentinalis' (a.k.a. 'Sentinal') - rigid, formal narrow form; grows to 8' tall x 2' wide
Tauntonii	'Tauntonii' (a.k.a. 'Taunton') - spreading-rounded form; grows to 4' tall x 6' wide; foliage resists damage during the winter; very cold-hardy
Viridis	'Viridis' - compact, narrow-upright form; light yellow-green foliage; grows to 12' tall x 2' wide
