

## Species: *Kerria japonica*

(kare'ee-ah ja-pon'i-kah)

Japanese Kerria; Kerria Rose

### Cultivar Information

\* See specific cultivar notes on next page.

### Ornamental Characteristics

Size: Shrub 4 to 8 feet

Height: 3' - 6' (spread 9')

Leaves: Deciduous

Shape: rounded

Ornamental Other: full sun to part shade

### Environmental Characteristics

Light: Part shade

Hardy To Zone: 5b

Soil Ph: Can tolerate acid to alkaline soil (pH 5.0 to 8.0)

Environmental Other: full sun to part shade

### Insect Disease

trouble free

### Bare Root Transplanting

Moderately difficult

## Other

native to China; transplant B & B or container

Cultivars for *Kerria japonica*

Showing **1-7** of **7** items.
